## Rebel councillor's plea to stop 'archaic and obsolete' culture

AXMINSTER Town Council was hit by a hail of friendly fire when rebel councillor Paul Hayward deemed some of its methods "archaic and obsolete".

by Anders Larsson  
[anders@pemedia.co.uk](mailto:anders@pemedia.co.uk)

The salvo was discharged towards the end of a near three-hour finance meeting last week.

After a mix of verbal and written reports had been considered, finance committee chairman Councillor Jeremy Walden was set to propose a budget for the year ahead.

This, however, was far from straightforward as it was decided to go through every expenditure listed in the reports – from major issues such as staff costs to lesser items which included bowser repairs, cable inspections, workmen's clothing and the purchase of stamps. This agenda item alone took one hour and 33 minutes, each councillor and officer taking individual notes.

At the end, the sums were added up but recounts were needed as the figures (individual posts and the total) differed from one councillor/officer to another.

It was during the last recount that Councillor Hayward demanded change by saying: "I made the same observation last year that we have now been here three hours and we all have bits of paper with scribbles on and different figures."

"Next year when we go through this process, can we use technology which has existed for 20 years and have an Excel spreadsheet on a projector on a screen so we are all looking at the same items?"

"As each amendment is made on a laptop, it will self populate [recalculate] so we don't have to add up columns, we won't have to look at individual things and say 'you've got 1,200 and you've got 1,400.'

■ Paul Hayward

■ Douglas Hull

"By doing that, it will actually tell us each time we make a change."

"It will save us hours of time because we will all be looking at one screen and you can knock it on the head in one hour."

### 'Needs to stop'

"It is not beyond the realms of difficulty. I'm afraid to say, this (the current) way is archaic, it is obsolete and it needs to stop."

"We might as well have ledgers, it is not practical."

Mayor Douglas Hull sought advice from others in the room and it was confirmed that the council has the facilities required.

He said: "That's all I wanted to know. Next time around, we will do that."

Previously during the meeting, Councillor Hayward

complained about the lack of wi-fi in the meeting venue (Senior Citizens' Centre) and told Mayor Douglas Hull to stick to items on the agenda when the latter made a joke about Christmas hats.

He also criticised the fact that the council had not yet employed a handyman, despite making £15,000 provision for it in the budget set a year ago.

During last week's meeting, the council resolved to set up a working party to define terms for the post.

## TOP STORIES FROM ACROSS EAST DEVON AND SOUTH SOMERSET

### HONITON Town council row continues

A ROW between Honiton Town Council and one of its councillors continues to rumble on, despite sanctions that were placed on him being removed.

Honiton councillor Dr John Taylor made his plans for a judicial review into his own council known after they imposed sanctions on him; he was found to be in breach of East Devon District Council's Code of Conduct – to treat others with courtesy and respect.

But despite Honiton Council removing the sanctions, Dr Taylor aims to continue with the judicial review saying: "You cannot rescind or annul something that is unlawful. Only the Queen can do that."

Cllr Phil Twiss, a ward member for Honiton on East Devon District Council, said it was a pity that the row between council and councillor has reached this stage.

### SIDMOUTH Project to help develop key areas

A TOWN councillor is hoping an EU funded project he has worked on will help Sidmouth in the future development of key areas of the town.

Matt Booth, who is a Sidmouth Town and East Devon District councillor, contributed to an EU-backed project called TourFish, which explored how to make coastal communities sustainable.

The group looked how these issues affected aspects of heritage and identity for areas such as Sidmouth, with the final result being the creation of a guide named 'Responsible Tourism'.

The TourFish project created a number of outcomes on issues related to responsible tourism and sustainable, community-focused growth.

## From the editor's chair Calls for a new direction

HOW long will the old guard continue to reign at Axminster Town Council? I am prompted to ask the question after yet another spat at a meeting in which Councillor Paul Hayward questioned the council's methods of operation, labelling the existing administration culture as "archaic and obsolete".

Councillor Hayward has earned himself the reputation of being a bit of a rebel in the council chamber and has openly tried to break the hold the long-serving members have on the position of mayor, firmly believing that the council needs a new direction.

To date, he has not won sufficient support to gain the top job and it will be interesting to see whether he tries again when it comes to choosing who takes on the First Citizenship for the next council year. Or will the existing mayor, father-of-the-council Douglas Hull, go for a another year?

Axminster undoubtedly owes a great debt of gratitude to those who have served the town for so long. But if my contacts are correct, a number of them may well be standing down at the next election in 2019.

My information is that some of them are extremely concerned about how the council is operating but feel they have done their bit and it's time to stand down to give others the chance to forge that new direction.

That will be dependent on whether others come forward to take their place.

■ CONGRATULATIONS to all those who completed the Grizzly – considered to be one of the toughest multi-terrain races in Europe – on Sunday. They say you don't have to be mad to run it – but it helps!

As always, the Grizzly weekend attracted hundreds of people to Seaton and the organisers, Axe Valley Runners, did their usual super-efficient job.

Including the nine-mile cub run, nearly 2,000 runners took part in the two Grizzly events and all but a handful completed the course.

And a special well done to our own reporter Anders Larsson who took on the Grizzly for the first time, finishing in a creditable 4:41:48.

### OTTERY ST MARY Questions over hospital future

THE future of Ottery Hospital has been thrown into doubt after a failed attempt to hold a judicial review into the closing of hospital beds and the minor injuries unit by the CCG.

Incensed supporters of the hospital launched their campaign for a judicial review in September 2015 after they felt the original decision had been made after ignoring key evidence.

But The Hon Mr Justice Blake refused saying that the CCG's consultation was extensive and fair and gave sufficient information for opponents to respond to. The judge also upheld the legality of the decision making process.

Plans are now in place to convert the hospital in a 'health and wellbeing hub' – a community building(s) where NHS and non-medical services exist side by side. A backer is needed to pay commercial rent on the building.

Ottery town councillor Roger Giles condemned the intended closure of the inpatient beds and minor injuries unit and called the decision 'appalling'.

### AXMINSTER Councillor's plea over 'archaic' culture

AXMINSTER Town Council was hit by a hail of friendly fire when rebel councillor Paul Hayward deemed some of its methods "archaic and obsolete".

The salvo was discharged towards the end of a near three-hour finance meeting last week.

Previously during the meeting, Councillor Hayward complained about the lack of wi-fi in the meeting venue (Senior Citizens' Centre).

### SOUTH SOMERSET Claims for housing benefit above national average

LOW wages are one reason why the percentage of working people on housing benefit in South Somerset is higher than the national average.

Fresh statistics show that out of 9,540 housing benefit claimants in South Somerset, 23 per cent are earning, compared to the national average of 22 per cent.

The figures are presented as part of a report for the South Somerset District Council (SSDC) Area West Committee meeting this week.

Members of the Area

West Committee will discuss the report and its findings during a meeting on Wednesday, March 16th.

### SEATON

## Premier Inn set to build new hotel

THE regeneration of Seaton took another two steps forward when news broke that Premier Inn wants to build a hotel – and that work on the Seaton Heights project is finally set to begin.

East Devon District Council confirmed last week that Premier Inn has submitted a planning application for a 75-bed hotel next to the junction of Harbour Road / Royal Observer Way.

Seaton Mayor Tony Woodman welcomed the application, and said: "This marks another significant step forward in the regeneration of Seaton, particularly as a seaside destination and place to stay."

The other piece of good news is that builders are about to enter the old Seaton Heights motel site and prepare for demolition, making way for an upmarket hotel, restaurant and spa and 38 holiday homes.

### Princess Royal to visit new Jurassic Centre

SEATON'S Jurassic Visitor Centre has already confirmed its first Royal visitor.

The complex will open officially over Easter, and The Princess Royal is set to visit on Thursday, April 14th.

A spokesperson for Devon Wildlife Trust, which manages the centre, said: "It will be more of a Royal visit than an opening of the centre."

"This was the only date available, so we are going to have two events [the opening plus the Royal visit]. We are very pleased, obviously."

Members of the public will be able to see the Princess Royal arrive and leave, but the centre will be closed during the tour.

## Restored loom for new Axminster museum

■ AXMINSTER Heritage's Judy Percival with newly restored loom

AN ancient 1700s loom has been restored to take pride of place at the original Thomas Whitty carpet factory in Axminster.

The new Axminster Heritage Centre and Museum is set to open Easter, and the loom will be a major attraction.

A huge amount of fundraising and volunteer work has allowed the renovation of Thomas Whitty House, the home of Axminster Carpets.

Peter Ball of Axminster Heritage explained: "This impressive loom, just one of the historical displays on show, would probably have been operated by a group of nimble-fingered young girls.

"They would have worked in

by Anders Larsson  
anders@pemedia.co.uk

harsh conditions putting in the very small knotting required to produce the finest carpets for wealthy aristocrats and royalty."

The loom was restored by Mike Rowland Wheelwrights and Coachbuilders of Colyton.

Whilst working on it, Greg Rowland discovered the name of one of his ancestors inscribed on one of the large gear wheels which would suggest their company had a hand in its original manufacture.

Mr Ball added: "Through the kind efforts of some of the Axminster Tools workforce, the loom has

now been moved back into the heritage centre for all to see.

"And you can also see one of those fine carpets from around that time, the famous 'Rockbeare' Axminster carpet which was made in 1786."

Axminster Heritage Centre and Museum opens the first phase of its renovation to the public this Easter. Admission is free and it will remain open until October.

More details can be found at [www.axminsterheritage.org.uk](http://www.axminsterheritage.org.uk)

## Lost car key at station

STAFF at Axminster Railway Station are keen to reunite a car key with its rightful owner.

A member of the public handed in an ignition key with a fob during the early part of the week that commenced on Monday, March 7th.

Station master Alex Spry said the key and fob had been

found between the station and the Tesco garage.

The key is for a Rover 25 but staff have been unavailable to find such a vehicle in the vicinity of the station.

Anyone wishing to claim the key can call Mr Spry on 07484 245 710 or visit the station during opening hours.

## First coffee morning of year for church friends

■ FRIENDS of Axminster's parish church staged their first coffee morning of the year on March 4th. Apart from hot drinks and cakes, visitors to the Church Rooms could also browse stalls and take part in a raffle. Pictured above are some of the helpers selling cakes and about to pour coffee. Organisers reported afterwards that they were very pleased with the turnout

## Handbag snatched from pensioner at Millbrook

AN ELDERLY lady had her handbag snatched in Axminster.

Police are keen to speak to witnesses to the incident, which happened at about 12noon on Thursday, March 11th near the junction of Chard Road and Millbrook Dale.

PC Kevin Bennett said: "The stolen handbag was recovered a short time later, hidden in bushes on the footpath leading to the Cherry Tree Road estate [Millbrook

Meadows] from the mini-roundabout at the junction of Stoney Lane and Chard Road. The bag was found wrapped in a black Helly Hansen zip-up jacket with a distinctive blue written logo running down the left sleeve. It is believed that the offender had been wearing the jacket when the offence was committed."

"If anyone saw a person running near to the Chard Road/Millbrook Dale/Stoney Lane junction, contact police on 101, quoting crime reference CR/015512/16."

# Seaton branch line: 50 years closed

A NOT so positive 50th anniversary passed quietly in Seaton on March 5th, the last service on the Seaton branch railway line.

Having opened in 1868, the branch line was two years shy of its centenary when the Beeching axe put a halt to services.

There was strong local opposition to the closure, but campaigners could not save the line.

Stretching four miles from Seaton Junction to Seaton, the branch line also passed Colyton and Colyford.

The memory of Seaton branch line lives on, though, and is currently the subject of an exhibition at Seaton Museum.

Staff took immense pride in their work, and Seaton branch line staff won a prize for best kept length of track in 1955 and 1957.

Judging by the exhibition, and coverage of the occasion in *Devon Railways* (a book by Ted Gosling and Mike Clement), the last service from Seaton Station was a busy affair.

Special posters were produced promoting the last train (a round trip) on Saturday, March 5th.

The book's accompanying photo shows a crowded platform next to the front carriage.

But it wasn't as big an occasion as when the Lyme Regis branch closed the year before.

Seaton Museum curator Ted Gosling lived

■ PROUD: Seaton branch line staff won a prize for best kept length of track in 1955

is playing his part in keeping memories of the branch line alive.

A former Southern Railway employee, he is an integral part of the Seaton Tramway team.

Mr Clement is a guide on the Seaton Branch Line Tour, pointing out places of interest along the line and giving passengers an idea of what the railway was like in its heyday.

Seaton Tramway is based at the Riverside Depot, the site of the former Seaton Station.

The company has announced that it will build a new, state-of-the-art terminus at the site of the current one, a fitting tribute to a railway line which came so close to a centenary.

## Fine Art comes to Seaton

THE owners of Lyme Bay Auctions are holding their first specialist sale of 2016 this month which will include a painting by the artist Jean-Baptiste-Camille Corot. The painting, named 'La Gorge aux Rochers Escarpes', has been in a private family collection for a number of years and will take centre stage at the auction on March 21st.

Owner Simon Watson comments 'It is a real privilege for us to be able to auction such an important piece of art at Lyme Bay and we are expecting considerable interest from the art world.'

Born in 1796, Corot was one of the great French landscape and portrait painters. His father was a textile merchant and his mother a fashionable dressmaker. He was expected to follow them into the clothing business but at the age of 26 he was allowed to give up this career to follow his passion for art.

Simon continues 'We are delighted to have such an interesting painting as the centre-piece of this specialist sale. We also have a fascinating selection of antiques, collectables and jewellery on offer in what is shaping up to be a very memorable auction at Lyme Bay.'

The auction estimate for 'La Gorge aux Rochers Escarpes' is £30,000 to £40,000. It will be part of Lyme Bay Auctions' Specialist sale on Monday 21st March starting at 10.00am.

Lyme Bay Auctions holds monthly general sales of furniture, antiques, collectables, china, ceramics, artwork, vintage items and household goods.

**HAPPY TO HELP:** Debbie Humberstone receives a donation from Sarah Johnson, to the delight of café guests and volunteers

ST ANDREW'S Community Café in Colyton has made a solid start after deciding to choose The Project in Axminster as its charity of the year.

The Project is well-known in Axminster, having supported young people with mental health issues since 2013.

It runs entirely on the support of grants and donations, as well as a team of volunteers of all ages.

Community cafe organisers Sarah Bishop, Joanne Worb and Sarah Johnson are really pleased to back a local mental health charity for young people.

They jointly said: "With mental health issues paramount in the news, what better charity to support than one that gives support to those in need in our local communities?"

"So many children are suffering with mental health issues, and to think that we have a centre close by to offer help and support, not only to the young, but to their families too."

"Surely this needs supporting as a vital service within our community."

They have got off to a good start and presented a £120 cheque when The Project founder Debbie Hum-

berstone visited the café on March 8th.

Debbie said: "We are incredibly grateful to the community café, and to every individual, group and organisation which supports us, and allows us to continue offering much needed help to local young people."

"Mental health issues in young people are a huge, and growing issue, with around one-in-five young people experiencing symptoms of depression, anxiety and low body confidence which affects their everyday lives."

"The early intervention support offered by The Project aims to prevent problems escalating into more serious issues, and avoiding potential life-long issues."

The community café started up nearly three years ago and has given all its profits to charity. Last year the café donated £450 to Young Minds, a leading mental health charity.

If you would like to support the café, pay a visit for coffee, tea and a selection of homemade cakes and biscuits every Tuesday morning in the Sunday School building next to St Andrew's Church between 9.30am and 11.30am.

# Library and shop celebrate World Book Day

ARE there enough book lovers to create a chain of people reading from Seaton Library to the Owl and Pyramid bookshop?

Well, the answer is 'no', but a good attempt was made all the same.

Seaton Library had issued an appeal for people to come forward and take part in the attempt at 4pm on World Book Day – March 3rd.

More than 30 people gathered at the library, but they would have needed very long arms to

form a chain down the road and around the corner to the bookshop.

Instead of forming a chain, participants formed a reading group in the town centre and

posed for photos before returning to the library.

Library supervisor Pene Davis wasn't down-beat at all, and said it was a good turnout.

## iPads to help hospital patients

■ HIGH-TECH: Nicola Hulland and Sue Renyard

TWO iPads, loaded with specialised apps, will aid Seaton Hospital patients with communication and swallowing difficulties.

The two hi-tech devices have been provided by Seaton & District Hospital League of Friends.

One iPad is intended for in-patients requiring communication support, with extra apps to enhance staff training.

The second iPad will be used in the community for assessment purposes, ongoing communication therapy and education.

Seaton Hospital has a number of patients affected by motor neurone disease, stroke, Parkinson's disease, multiple sclerosis and dementia to name a few.

As a result of these conditions, it can be incredibly difficult and frustrating to communicate even basic needs.

Dr Rob Daniels, a Seaton GP, has initiated and supported the purchase of the iPads and Sue Renyard, who is a community speech and language therapist, will use the technology to assist in assessment and ongoing support.

Sue commented: "The importance of communication cannot be underestimated: communication is at the heart of all our relationships."

"Every day we communicate with many people; family, friends, colleagues and strangers. Communication is an essential human need as well as a basic human right."

"It's exciting to have this modern technology to help people find their voice. Everyone deserves to be treated with respect and equality."

Nicola Hulland suffered a stroke last year that significantly affected her ability to process language and speak.

The iPad has been successfully used in her rehabilitation to help remediate and compensate for some of this language impairment.

Care staff at the Check House Nursing Home commented on the positive impact the iPad technology has had in helping Nicola to communicate.

Sue added: "The two iPads have been received with much gratitude and on behalf of the current and future beneficiaries of this technology, many thanks must go to all those involved with the League of Friends."

# Big support for table top sale

**■ BAND** of helpers (back row, from left to right): life member George Bastone, Chris Turner, chairman George Lang, vice chairwoman Diane Lang, treasurer Audrey Tims; (front row): Dave and Anne Oxley

WITH a steady flow of people throughout the morning, Beer Horticultural Society's spring table top sale at the Mariners' Hall on Saturday was a big success.

"I am really pleased with the turn-out and support from local residents."

"It was a great social event," said horticultural society president Ursula Makepeace.

"We made £283 last year so hopefully we will do well again."

"We need to raise round £1,500 to £2,000 to buy all the plants, soil and hanging baskets for the village displays, so it all helps."

## Shop poll says we're heading for a Brexit

THE Brexit movement won a Seaton shopkeeper's EU referendum exit poll handsomely.

Kevin Truman of Wessex Stores in Queen Street turned pollster to see what local opinion is.

Shoppers were discreetly asked if they wanted to take part and could 'vote' in confidence out of earshot of other shoppers.

THE world-famous Grizzly race saw more than 1,800 runners descend on Seaton and a familiar face winning the race, last year's champion Ceri Rees.

The Totnes-based runner completed the 19.5 mile course in two hours, 17 minutes and 16 seconds, some six minutes slower than his time last year.

Axe Valley Runners missed out on having two runners inside the top ten by a matter of seconds. Tim Lenton finished eighth with an impressive time of two hours and 33 minutes and Matthew Clist narrowly came eleventh, losing out on the top 10 by ten seconds.

Axe Valley Runners' successful Sunday continued with Amy Greenhalgh clocking the second-fastest time on the day from a woman. Amy ended 50th overall with an impressive time of two hours and 48 minutes.

The Cub race, the shorter but just as gruelling nine-mile course once again saw an Axe Valley runner performing admirably, with Jake Smith winning in just under an hour.

On Saturday almost 200 runners completed the two-kilometre fun run which was won by Matthew Meneaud-Lissenburg from Wimborne Athletics Club, followed by James Davies from Newbury Running Club and local lad Sam Eyre from Axe Valley Runners.

Following the fun runs was the four-kilometre junior run which saw 33 runners finish. First across the line was Thomas Rehal (Blackwater Junior Triathlon Club), followed by George Tomkins (Honiton RC) and Ethan Day (Axe Valley Runners.)

Dave Mutter from Axe Valley Runners said: "As well as the running, many more were helping behind the scenes with marshalling, road signage, back marking aided by the help of many local groups too numerous to mention. Special thanks to Guy Sweetman and the gang at East Devon Sports Therapy who not only sponsored the event, but performed much-needed massage for tired limbs. The Grizzly committee have all put in hours of work and all deserve the plaudits they will receive, but special thanks to 'Grizzly' Dave

# Dalwood run

**DALWOOD 3 HILLS CHALLENGE:** Hotly contested, there was also a charitable element to the Dalwood 3 Hills Challenge on Sunday, February 28th.

The main race was a ten-miler, the alternatives being a three-mile mini-challenge and a fun run.

Tuckers Arms fielded a relay team for the 3 Hills Challenge, with runners supporting The Baton (for injured servicemen), Force (for cancer sufferers) and Action Duchenne (fighting muscular dystrophy).

One of the race organisers, Derek Gould, said: "We raised more than £600, which we divided between the three charities."

The next event to be organised by Dalwood Run Committee is the Dalwood Fair 10k on Sunday, July 24th.

## Choked Axminster

■ YOUR correspondent hits the nail on the head indeed when he states, "Youth of town without a voice". Not only the youth; it would seem to be a majority of townspeople also.

The leader of EDDC seems very gifted with words, talking of: "Encouraging communities to be outstanding; continuing and improving to be an outstanding council; promoting our outstanding environment, etc, etc." Fine words indeed; butter and parsnips spring to mind. The reality is the town of Axminster, under their vicarious caring-wing, is crying out for a north/south bypass; meanwhile its shoppers are continually choked with diesel fumes from massive wagons and buses crawling through its inadequate road, pedestrians falling daily on narrow, uneven and treacherous pavements with no pedestrian barriers anywhere to prevent anyone accidentally falling under passing lorries.

The George Hotel, now marooned like a giant whale, daily helps create massive traffic jams plus causing buses to almost enter shops and mount the pavement as they negotiate its northern corner. The building is, sad to say, an eyesore; one that has outlived its time, a hazard to traffic and pedestrians alike on all its ancient sides. It's problems like this that warrant the description "outstanding". Councillors take refuge in gleefully proclaiming: "The George is listed, nothing can be done". This is nonsense. A building can be de-listed by an application to the Secretary of State for the Environment, accompanied with a good case for de-listing being put forward by the "outstanding district council" its leader boasts of.

Another outstanding point: why not involve the MP more? He and Mr Cameron rely greatly on the town for votes.

**D M DULSON,**  
Axminster

## Thoughtless litterers

■ ALONG with many others I helped collect litter in Seaton Saturday before last, choosing the Underfleet as I had observed a lot of litter in this area and it is an entrance to the town and car park. I collected three full sacks and could have collected more. Why is it that people open their car windows and chuck out empty bottles, cans and sandwich packets? Why do they feel they can drop chocolate wrappers as they walk up and down the road?

The Council is no longer able to clean up for us very often and we must be responsible for ourselves. The country spends a huge amount of our money clearing up, money much needed for care and other services. What allows people to think that it is alright to do this? It is thoughtless, selfish and it blights our lovely environment.

**HILARY ARNOLD,**  
Seaton

## Devon Rose Farm

■ I WRITE following the letter you published from Councillor Martin Shaw.

The letter contains a reference to Devon Rose Farm.

I must ask you to make it very clear that Devon Rose Ltd has had absolutely no contact whatsoever with the Environment Agency in this regard or any other.

To clarify further, Devon Rose Ltd is not "the acknowledged source of past pollution", we have not had any contact of any description with the Environment Agency within the last two years.

**MATTHEW HOUSE,**  
General Manager, Devon Rose Ltd

Send your letters to Francesca Evans at Pulman's View From Newspaper, Unit 3 St Michael's Business Centre, Church Street, Lyme Regis, Dorset DT7 3DB or email them to [francesca@pemedia.co.uk](mailto:francesca@pemedia.co.uk). Anonymous letters will not be published except in special circumstances. Letters may be edited slightly to fit space available. ## 'Attack' on independent councillor

■ I WRITE in reply to the attempt by Tim Venner to smear my name in last week's *Pulman's View*.

Of course, Mr Venner was the Conservative candidate for Ottery Town in last year's East Devon District Council elections.

Oddly, he criticises me for trying to get West Hill Road reopened and for opposing school crossing patrol cuts. Then he objects to me not aligning myself to a "particular political philosophy or ideology" in last year's general election. Presumably, he means not aligning myself to a 'party'.

Perhaps after reading this letter Mr Venner might research the meaning of the word 'independent'?

He then moves on to my demonstration against corporate tax avoidance in Sidmouth last month. The main source of his distaste here relates to the people attending the protest. Apparently, I should have vetted everyone who attended and barred anyone who had left-of-centre political views. Unison comes in for special disapproval by Mr Venner.

He also doesn't like that I referred to the well-respected tax expert Richard Murphy's figures to inform my calculations of Devon's possible lost tax share. Why? Yes, you guessed it, Mr Murphy isn't

a Conservative.

Mr Venner saves what he thinks is his worst insult till the last paragraph. Apparently I "fraternise with Tories, socialists and unions."

Well... yes I do, Mr Venner, and I am happy to. In my work as Devon County Councillor for the residents of Ottery Rural I also "fraternise" with Conservatives, UKIP, Liberal Democrats, Labour, Greens and other independents. It helps to get things done. It helps me be the most effective councillor I can be for Ottery Rural.

**CLAIRE WRIGHT,**

*Independent Devon County Councillor  
Ottery St Mary Rural Ward,  
Woodland Trust Tree Champion For Devon*

■ THE *Pulman's* of March 8th contains an unpleasant lengthy diatribe from Tim Venner attacking Devon County Councillor Claire Wright.

Mr Venner asks what Claire stands for. The short answer is that Claire works tirelessly and effectively for her constituents. This is reflected in the DCC elections of May 2013 where Claire obtained the biggest vote; the biggest majority; and the biggest share of the vote, of any councillor in the South West.

More recently she stood for parliament in May 2015, and came a very strong second to Hugo Swire in the East Devon constituency; by far the best result of any Independent candidate in the country.

What Mr Venner doesn't tell your readers is that he stood for election to East Devon District Council in the Ottery Town ward in May 2015 as a Conservative. He actually finished a very distant third to myself and Peter Faithfull in what was an 'Independent Gain from Conservatives' result.

No doubt *Pulman's* readers will make up their own minds if this is a case of more Conservative 'sour grapes'.

**ROGER GILES,**  
Ottery St Mary

## 'Punishing' votes by MP

■ SHAME on you Neil Parish.

Not content with voting against cutting VAT on women's sanitary products, Neil Parish recently voted to remove £30 from the benefits of new disability claimants.

So if you happen to bump into Neil Parish before the next election please ask him why he believes that the disabled should be financially punished for being disabled and menstruating women should pay tax for the privilege of being a woman.

Heaven help you if you are a disabled woman because your local MP clearly won't!

## Iconic annual scrambling event returns

MOTOR Cycling is set to return to east Devon on Easter Sunday (Sunday, March 27th) with the Devon Classic Easter Scramble held at Widworthy near Honiton (EX14 9SP, sign posted on A35 between Axminster and Honiton).

Last year the event, staged by the Devon Classic Scramble Club in conjunction with the Amateur Motor Cycle Association, attracted 150 riders with almost 500 spectators enjoying the action with the Badger

Goss Trophy at stake. Yeovil-based Goss, real name Bryan, was crowned British Moto Cross champion in 1970 and is highly respected among dirt-bike fans.

Entry to the event for spectators is £5 and the DCSC is hoping for plenty of interest, club committee member Keith Taylor said: "It should be a great day, we've got two huge fields set aside and plenty of riders on view.

"We would however welcome more people to come forward to join our club and help out with the preparations in the lead up to race day.

## Barking Mad

BARKING MAD is your local 'Alternative to Kennels'. It is a wonderful way to have your dog looked after in a home environment. For people who are not sure that kennels are right for their dog, Barking Mad is the answer. Lucy Mumford has been running Barking Mad in the local area now for 18 months and loves being able to match up your dog to a loving host who gives your dog love and cuddles right through to bed time and is there for them first thing in the morning when they wake up. "I spend a lot of time at the registration asking questions about eating habits, exercise habits, social habits, sleeping habits in order to build a big picture of your dog and from there match them with a host that would best meet their needs. The glowing comments that I get from both customers and hosts regarding the dogs is what makes it so special." The majority of my hosts are retired and have made the choice not to have a dog in their lives permanently, but miss the companionship that they had when they owned their own dogs. Being a host gives them the opportunity to share the love that they have at times that work for them. For more information about becoming either a customer or a host, please contact Lucy Mumford on 07850 394558.

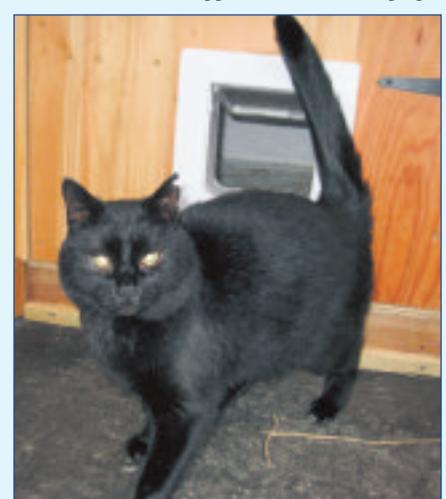

## Honiton Cats Protection

HONITON CATS PROTECTION are delighted to be able to work with amazing vets based in Honiton, both New Street and Vale Vets. They help so much when dealing with cats and kittens who arrive for a variety of reasons, sometimes with problems we know about and sometimes ones we don't!

We want to ensure that every cat has our 'basic care' package of neutering, worming, flea-treatment and micro-chipping, and is in as good a condition as possible when rehomed. Once homed the continuing relationship of owners with their vets is one we encourage, so that the cats continue to enjoy life in their new home for as long as possible.

Some cats, such as Raggs, are more challenging with long term problems

due to having been exposed to the herpes virus at some time, which means a special home, as an only cat, is required. He has had more than his fair share of vet visits but he remains a lovely friendly boy, deserving of a place to call his own. We have every reason to believe that freedom and fresh air will be another part of the health care that he needs. Hopefully you, and our vets, could work together to make this a reality?

## East Devon Cat Protection

THE East Devon Branch of Cats Protection covers a very wide area of Devon, totaling about 400 square miles.

We take in and re home cats and kittens who are strays or are unwanted and/or abandoned.

We have foster homes in or near Ottery St Mary, Seaton, Axminster and Exeter where the cats are cared for and prepared for re homing.

One of the many advantages of adopting a cat from Cats Protection is that it will be microchipped.

Every day there are reports of cats going missing and others being found that have not been chipped.

Last December we were contacted by someone who had seen a cat hunting rabbits on their land for many months. They were able to confine

the cat and we checked him for a microchip and yes, he was a cat who had been missing for more than a year from a village nearby!

If that cat had not been chipped we would have been very lucky to find his owners, however with the chip they were just a phone call away.

So please – if you find a cat get it checked for a microchip. If you own a cat get it microchipped and if you lose a cat call your

local Branch of Cats Protection.

## Old Lodge Boarding Kennels & Cattery

OLD LODGE boarding Kennels are situated off the A358 road 7 miles south of Chard and 2 miles north of Axminster, within easy reach of Lyme Regis and Seaton.

This is a small establishment catering for both dogs and cats, which has been owned and run by the Chapman family since 1968. We aim for a consistently high standard of care, and dogs and cats which board here are known by name and treated as individuals. Over the years we have looked after generations of pets from families who have become personally known to us.

## Minster Veterinary Surgery

MINSTER Veterinary Surgery is a long-established, independent and exclusively small animal practice. The partners, Joyce Fleming and Ross O'Brien have been qualified 23 and 19 years respectively.

The up-to-date equipment facilitates non-invasive diagnoses, with wet chemistry blood analysing machines, high-frequency X-rays, Doppler diagnostic ultrasound & blood pressure monitoring equipment. Advanced pulse oximetry & capnography are routinely used during anaesthesia.

Isolation facilities are also available for exotic & infectious cases.

The experienced and qualified nurses perform dental clinics, weight clinics and puppy checks and this is often a good time to discuss any concerns a client may have. These services are free of charge.

There is always one of our veterinary surgeons and one of our veterinary nurses on call at all times so any advice or action needed, night or day, can be given in an emergency.

We believe that we treat every patient as we would like our own to be treated, with tenderness and understanding. We deal with all problems, big and small, and each is as important as the next. Ultimately, we care for your pet almost as much as you do.

## Sunnymead Boarding Kennels

ARE you going on holiday? Give your dog a holiday too!

The Holidays can be a stressful time for everyone, including your dog. There will be so much disruption, whether it is having family to stay, travelling to relatives or if you're holidaying abroad. Imagine what it is like for your much loved pet; their normal routine has gone. The whole world your dog has become familiar with, such as smells, household objects, and people can change, and you should be aware that your dog could become stressed.

Caring for dogs is our passion and we believe strongly in the quality of care we provide for the dogs that stay with us. So why not consider placing your dog in our caring boarding kennels. We will ensure your pet is kept safe, therefore minimising the affect on their stress levels whilst you can enjoy your holiday.

If you decide to place your dog in our kennels you will need to ensure the dog is up to date with vaccinations and worming. Please contact us for more details on: 01392 445312.

## Jesus Christ Superstar moves into the theatre

**JESUS CHRIST SUPERSTAR**, the rock opera by Andrew Lloyd-Webber and Tim Rice, is moving into the Manor Pavilion Theatre this weekend. On Sunday, the 35 strong Sidmouth Musical Theatre cast will be helping the stage crew lay the floor and assemble the impressive set which will arrive from South Wales and they will also meet the 11 piece band for the first time. After a further week of rehearsals including a dress rehearsal on Friday, performances begin on Saturday, March 19th.

One of the challenges they will face will be adapting the complex dance routines, worked out in the rehearsal hall, to the Manor stage which will be transformed for the production and which will effectively be part of the auditorium as the band will, on this occasion, be hidden behind the scenes.

Every member of the cast (including leading principals Matt Colson, David Finlay and Cara Shepherd) is extremely excited about presenting Jesus Christ Superstar to the Sidmouth public for the first time. Everyone would agree that JCS has been their most challenging production to date but also one of the most fulfilling.

JCS is being directed by Vicky Evans who is joined by Simon Carter as Musical Director.

Some tickets are still available at the box office (01395 514413) priced £15. Performances run nightly from Saturday 19th to Saturday, March 26th (not Sunday) with a matinee on Saturday 26th.

WITH the ever-popular Bellowhead calling it a day this Spring, the charismatic singer and musician Jon Boden isn't resting on his laurels. Sidmouth FolkWeek are delighted to announce that he will be striking out on his own with a solo headline Ham concert appearance at this year's festival on Thursday, August 4th.

He will be showcasing both traditional and original song, as well as his instrumental talents on fiddle, guitar and concertina, as well as his trademark 'stomppox.' Incorporating elements from the wide creative span of his career, his solo show offers an intimate insight into a man of many talents and will take the audience deeper into the song worlds of traditional music and of his own song writing.

## Returning to raise some hell!

THE second event for 2016 at Winstons Bar & Grill in Seaton will be on Friday, April 1st - the one and only 'Hellrazor'. For the uninitiated these are the Hells Bells boys as their alter ego playing the best in classic rock from Purple, Zeppelin and Sabbath to the current era with the likes of Queen of the Stone Age, Guns and Roses, Alterbridge and Metallica among many others.

Lead singer Lee explained: "due to the AC/DC commitments we have little chance to do this, probably four or five times a year, but

we had such a blast last year at Winstons we decided this was one of the few venues that we were going to put this show on".

Expect nothing more than an explosive show and with tickets selling fast this looks like being another sell out!

Tickets are £10 in advance, £13 on the night and are available from Winstons, Beer Village Stores and Axe Music in Axminster.

As well as their website and Lemonrock page, Winstons also have a full list of events on a sheet which can be picked up from the bar.

# Another great wurlitzer show

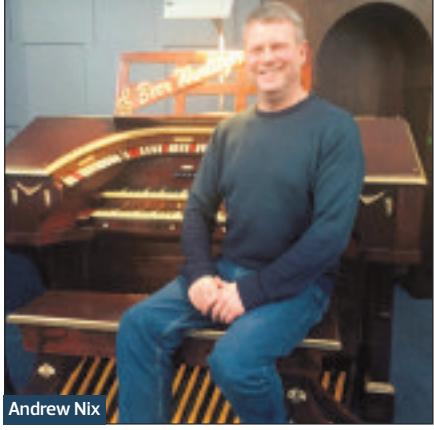

THE likeable Andrew Nix travelled from Yorkshire to play the unique Beer Wurlitzer on Saturday, March 12th. His jolly and light-hearted approach, together with his wide repertoire of popular music played beautifully, was appreciated by the audience and a return visit next year is already being arranged.

Andrew started playing on a home organ aged 10, his potential was recognised and his parents arranged lessons for him. As soon as he left school he started playing in local clubs and aged 17 he was appointed organist and musical director for a theatre group performing at Butlins.

He is now in much demand for concerts and dances nationwide. This was Andrew's first visit to Beer and at the end of the show he told the au-

dience "I have loved every moment of playing for you and congratulate all the team who put in so much hard work looking after your Wurlitzer and staging these shows."

The next show will be on Saturday, April 9th, at 2pm at the Congregational Church, Fore Street, Beer, when the jovial Byron Jones will return once again. Everyone is most welcome - admittance is £7 on the door, to include a half-time cuppa, children under 16 are free. For further information phone 01297 24892 or visit [www.beerwurlitzer.org.uk](http://www.beerwurlitzer.org.uk).

## 5 TIPS FOR AN ECO RENOVATION

Are you looking to renovate a property before selling?  
Try these 5 tips for an eco renovation!

### 1. WHAT TO KEEP: By Julia Gray, Press Association

When renovating, it's tempting to rip everything out and start again, but there may be things you can keep, upcycle or get a professional to restore. In period properties especially, original features - even if they're not in perfect condition - usually add value and character. Filler, sandpaper and paint can transform all sorts of things that seem beyond repair - it's often simply a case of putting in the time and making the effort.

**2. PRE-OWNED ITEMS:** When you have to buy things for your home, how about something someone else no longer wants? Websites like eBay and Freecycle are full of pre-owned items that have lots of life left in them, whether you're looking for fireplaces, floorboards, basins, or kitchen units and appliances - the list is endless.

### 3. THE MATERIALS YOU USE:

Many of us consider food miles when doing our weekly shop, but perhaps not where the products we use to renovate our homes come from. This may depend on your budget - for example, slate or stone from Brazil or India might be cheaper than British versions, but it's come a lot further and may have other ethical and environmental negatives associated with its production.

**4. RECYCLING:** If you're doing major building work, you'll need a skip, but it's easy for recyclables to get chucked in with the rubbish. In my experience, tradespeople rarely separate recyclables from non-recyclables, so if you want to make your build more environmentally friendly, you'll need to police the skip (and any rubbish bags) and extract anything that should

be in the recycling bin. Local authority tips (and doorstep collections) take all sorts of things now - some even accept paint, which should never be poured down the plughole to dispose of. Another option is Community RePaint, which takes leftover paint for charities and voluntary and community groups to use - visit [www.communityrepaint.org.uk](http://www.communityrepaint.org.uk) to find out more.

**5. ECO EMULSION PAINT:** If you're looking for eco emulsion paint, there are plenty of specialist brands. For example, Naturepaint

▼ PA Photo/thinkstockphotos.

(from £3.98 for a tester, B&Q) is a powdered paint (made in Cornwall using locally sourced ingredients) that you mix with water before use. For wood and metal, water-based paints contain fewer harmful VOCs (volatile organic compounds) than solvent-based ones. The former have disadvantages - they're rarely as hard wearing as solvent-based alternatives and you have to do several coats of white to get even coverage - but they also have big advantages. They dry quickly, are easier to remove from your skin and fabrics than solvent-based paints, and whites don't yellow, whereas most solvent-based ones do.

## Jeep announces new Renegade Dawn of Justice limited edition

A NEW limited edition version of Jeep's highly successful Renegade small SUV is being launched to coincide with the release of the blockbuster movie: Batman v Superman: Dawn of Justice.

Just 500 examples of the Jeep Renegade Dawn of Justice will be available, with a choice of either the 1.6-litre E-torQ 110hp petrol, or 1.6-litre Multi-Jet II 120hp diesel engine, both with manual transmission.

The new Renegade limited edition is based on the Longitude mid-range level, but has an even bolder appearance, thanks to its stunning Granite Crystal, Carbon Black or Colorado Red livery and a host of polished black painted accents, such as unique 18-inch alloy wheels, fog lamp and rear light cluster surrounds, black roof bars, the seven-slot grille, and unique Dawn of Justice badging.

Inside, the Renegade features a leather steering wheel, exclusive Dawn of Justice black cloth seats, black air vent and speaker bezels, DAB digital radio

with Bluetooth and satnav, a six-speaker audio system, and UConnect Live services.

A limited number of options are also available to further enhance the Renegade Dawn of Justice, including tinted privacy glass, electric panoramic sunroof, heated front seats, heated steering wheel, towing pack, and regular size spare wheel.

The limited edition Renegade is part of a broader partnership between Fiat Chrysler Automobiles and the Warner Bros. Studios' superheroes film, which will allow the vehicle to be exposed to a vast global audience, demonstrating its unique and dark appearance package.

The new Jeep Renegade Dawn of Justice costs £19,495 OTR for the 1.6 E-torQ 110hp 2WD, and £21,195 OTR for the 1.6 MultiJet II 120hp 2WD.

"With all the strengths and standard specification of the Jeep Renegade Longitude, but with the added dimension of unique style and exclusivity, the Dawn of Justice limited edi-

tion makes a very strong proposition," says Damien Dally, head of brand, Jeep UK. "With its cool interior and attractive black exterior, the new car offers a winning combination of elegance, individuality and value for money.

"To further maximise excitement ahead of the film's release, we recently launched an innovative online experience and advertising campaign, created in collaboration with

the film-makers. The 'Battle of the Renegades' interactive experience offers a range of prizes, including live driving experiences and cinema tickets to Batman v Superman: Dawn of Justice."

## The new MINI One D Clubman

FOLLOWING the successful UK market launch of the MINI Clubman in October 2015, and the recent announcement of the MINI Clubman ALL4, MINI UK is adding a new model to the range – the MINI One D Clubman.

Retaining the high specification offered across the MINI Clubman range, including MINI Navigation, DAB, Bluetooth, Cruise control and MINI Connected on every car, the new MINI One D Clubman will be of particular interest to fleet and business customers, with this latest model emitting 99g/km\* CO2 on the combined cycle. As such, company car drivers will benefit from a low BIK rate of 17% on the MINI One D Clubman in the 2015–16 tax year.

The car's much-loved signature design feature – its split rear doors – are retained on this model, while accessibility and everyday usability are further enhanced thanks to four full-sized side doors. The resulting car is a powerful fusion of sleek lines,

innovative touches and first-rate materials with generous space for five occupants, excellent luggage capacity and classic MINI driving characteristics.

### MINI One D Clubman: exceptionally packaged for business customers

Launched in the UK in October 2015, the new MINI Clubman is notable as the brand's first vehicle in the competitive C-segment. This new model offers customers a premium vehicle featuring the highest level of ride refinement ever seen in a MINI.

Featuring a new mature and sophisticated design, the MINI Clubman's dimensions are larger than those of the previous generation MINI Clubman. It's also 270 mm longer and 73 mm wider than the MINI 5-door Hatch, with a wheelbase which is 100 mm larger. The boot has a volume of 360 litres, which can be extended to 1,250 litres by folding the rear seats flat.

With the introduction of MINI One D Clubman, the

brand is further strengthening its entry into the C-segment with a vehicle primed for corporate, fleet and company car customers. This new model includes all of the must-have features required by business users combined with CO2 emissions starting from just 99g/km\*, reducing the tax liability for company car drivers.

The new MINI One D Clubman is built in the UK at MINI Plant Oxford and is available to order at MINI

Retailers now. The first customer deliveries will commence in April 2016.

The new MINI One D Clubman is available to order from MINI Retailers nationwide now, priced from £21,375 OTR with the first customer deliveries in April 2016. MINI Financial Services offer a comprehensive range of rental options for corporate and SME customers, with highly competitive rates starting from £179\*\* per month.

## Suzuki Jimny – the adventure continues

SINCE first launched in 1998, the Suzuki Jimny has accumulated a major following of loyal owners around the world and with its practical look Jimny owners can really enjoy a quirky alternative to a supermini or crossover SUV. To add further customer appeal for 2016, the new Jimny Adventure Special Edition is now on sale with a very limited production run of just 200 units for the UK.

Jimny Adventure is based on the popular high specification SZ4 model which includes Dark Silver 15-inch alloy wheels, synthetic leather seats, air conditioning and rear privacy glass as standard and then adds unique features including full screen satellite navigation with Bluetooth connectivity, hard spare wheel cover with 'Adventure' logo as well as individual Pearl White Metallic / Quasar Grey 2-Tone paint finish.

Jimny Adventure offers strong customer value and is priced at £14,949 including metallic paint, just £1,000 more than an SZ4 model before optional metallic at £430 is added.

Jimny is equipped with an all-alloy 16 valve 1.3-litre engine that benefits from Variable Valve Timing (VVT) for lively performance and strong fuel economy from its light

kerb weight of just 1,090 kg. The Adventure is available with manual transmission that returns an official 39.8mpg in combined cycle driving and CO2 emissions are 162g/km.

Jimny has built up an established, tough and capable reputation amongst its 24,000 loyal owners in the UK with many now on their third or even fourth car in succession. Durability was certainly put to the test back in 2014 when long standing Suzuki fan Les Carval and three friends drove two Jimnys around the world on their 'Heaven can wait I'm busy' charity expedition. Starting in Southampton, the four month long Global tour clocked up over 18,500 miles across some very challenging terrain and both cars returned unscathed with no reliability faults to report.

## The new Mercedes-AMG E 43 4MATIC: First high-performance variant of the new E-Class

▲ Mercedes-AMG E 43 4MATIC

HOT on the heels of the world premiere for the new Mercedes-Benz E-Class, its first high-performance variant is on the way from Mercedes-AMG. The E 43 4MATIC with the 3.0-litre V6 biturbo engine on board will represent the most powerful variant of the executive saloon when it is introduced in September 2016. With two new turbochargers and corresponding software applications, the supercharged six-cylinder

engine delivers an output of 295 kW (401 hp). As ever, the standard-specification AMG Performance 4MATIC four-wheel drive combines optimum traction with high agility on the E 43, thanks to rear-biased torque distribution with a front-to-rear ratio of 31:69 percent. The 9G-TRONIC automatic transmission with shorter shift times, the retuned sports suspension based on the AIR BODY CONTROL air suspension and the more direct steering ratio also provide for signature AMG Driving Performance.

"The new E 43 4MATIC offers impressive driving dynamics coupled with cutting-edge efficiency. Twin turbocharging, features adopted from motorsport and the characteristic AMG design immediately indicate to our customers that the new E-Class from AMG offers pure Driving Performance coupled with cutting-edge technology and intense emotion," notes Tobias Moers, CEO of Mercedes-AMG GmbH.

On the E 43 4MATIC, Mercedes-AMG has upgraded the six-cylinder engine's output by 25 kW (34 hp) to 295 kW (401hp) with the aid of two larger turbochargers and sophisticated software applications. The ample

peak torque of 520 Newton metres is available right from a low engine speed of 2500 rpm.

This package guarantees performance on a par with many a sports car: the new E 43 4MATIC reaches a speed of 100 km/h from a standing start in 4.6 seconds, while its top speed is electronically limited to 250 km/h.

### Sporty and distinctive: the exterior design

The looks of the E 43 4MATIC also render it immediately recognisable as a member of the AMG family. Apart from underscoring the powerful and self-assured appearance, three large openings in the front apron also ensure an optimum flow of air to the coolers. Two elegant cross fins on the outer cooling openings enhance the vehicle's visual presence. The diamond grille with chromed pins, a louvre in high-gloss black and the AMG lettering represent further hallmarks of the AMG 43 models.

The side view is dominated by high-sheen 19-inch AMG five-spoke light-alloy wheels painted in high-gloss black. The rear end also features characteristic highlights, with two chrome-plated quad-flow exhaust

tailpipes conveying a particularly sporty aesthetic. The rear apron trim in diffusor look comes in silver chrome, while the standard-specification spoiler lip on the boot lid is painted in the body colour.

**High on power, low on consumption: the AMG 3.0-litre V6 biturbo engine**

The V6 biturbo engine boasts a high power output combined with low fuel consumption and emissions. The high power output of 295 kW (401hp) is attributable, among other things, to new, larger turbochargers and the higher charge-air pressure of 1.1 bar. Installed close to the engine, the two turbochargers are especially spontaneous in their response.

The NANOSLIDE® coating on the cylinder liners has also undergone further development in the Formula 1 V6 hybrid turbo engines from Mercedes-Benz. Especially tough and, therefore, wear-resistant, this coating also reduces friction, thereby contributing to higher efficiency. The same applies to the spray-guided multiple injection with up to 200 bar fuel pressure. The AMG powerplant can be identified by the red aluminium insert in the engine cover.

### SW PENINSULA LEAGUE D2 (E)

#### Sidmouth Town 3 Brixham AFC 1

SIDMOUTH started the game at a furious pace with wing-back Olly Binion in a relentless mood. The 16-year-old Viking was a real thorn in the side for Brixham who were unable to adapt to the constant pressure from the energetic youngster.

Sidmouth had the lion's share of possession but could not find the final ball for forwards Cameron Vere or Jamie Orchard to capitalise on.

The breakthrough eventually came in the 35th minute when Connor Swiniger answered Manager Josh Stunnell's call which was to be a more selfish in front of goal.

Orchard played a terrific through ball to Swiniger and the former Exeter City youth team player tucked the ball past the rooted Blues' keeper.

The second half saw Brixham raise their game and they soon equalised through Graham Mercer in the 55th minute.

Half-time substitute Dan Evans and Skipper Ryan Davies started to control the game for the hosts.

The former Falmouth Town player Evans was going through his full repertoire of passing and midway through the half delivered the ball that enabled Vere to keep up his goal-a-game ratio with a routine finish.

The Blues rarely troubled Harvey in the home goal as the defence of Farrington, Griffiths, Newbery and White were extremely well organised.

By now the visitors were looking exhausted and were struggling to deal with the sheer energy and work rate of the Vikings.

Vere and Ferenc Bodor went onto miss some good goal scoring opportunities, on another day Vere could have had a hat-trick.

The final goal came in the 80th minute, another terrific pass from Orchard set the feet free of Ben Burrows to round the keeper and slot home.

**Sidmouth:** Harvey, White, Newbery, Griffiths, Farrington, Binion, Davies (Capt), Farrington, Bodor, Orchard, Vere.

#### Exwick Villa 2 Axminster Town 1

TONY Pinder's sixth goal of teh campaign couldn't save Axminster Town as their winless run was extended to four matches.

The defeat sees the Tigers drop a place to eighth ahead of Saturday's trip to face lowly Totnes & Dartington.

Ax strolled to a record 7-0 win on their new Tiger way ground in the reverse fixture back in November.

tempt to intercept the Otterton forward.

Just before the break Rise went close with a Sam Turner effort which rattled the post but this was as close as the home side came in a poor first half.

But 10 minutes after the interval had reduced the deficit when Levi Hoole swept aside three defenders before lashing the ball high into the net.

But the visitors responded to make it 3-1 when the ball was prodded home through a clutch of defenders.

Five minutes late Hoole blasted home and hope was again restored.

But this was finally doused when a mistake by keeper Hoole allowed the ball to creep into the net from a speculative cross.

With his 42nd goal of the season striker Hoole is now on track to become Millwey's highest ever goal scorer in a season. The record is held by the late Pete Stevens who, in Millwey's first ever season (1958-59) scored 61 times.

Other players who deserve a mention were Shane Featherstone with his non-stop effort to provide some mid-field cohesion and Alex Rocket for his timely interceptions and clearances on the right hand side of the back four.

CHERITON FITZPAINE and CULLOMPTON RANGERS drew 2-2, the home goals coming from Ed Willoughby and Dean Pidgeon – and both were rockets.

Division Four pacemakers AXMINSTER TOWN edged a 2-1 win against the UNIVERSITY with goals from dan Beer and an OG.

Both KENTISBEARE and OTTERY ST MARY made up ground in the Division Five title race with wins at STARDCROSS and PRIORY which was subsequently missed.

The boot was on the other foot when in the 75th minute when a penalty was given against Mitchell which Kentisbeare duly dispatched to even the score.

In the final 10 minutes the home side proved too strong for Millwey and scored twice more to secure the win.

# Double for Greens

**SEATON under 10s** hosted Cullompton and Bradninch on Saturday and strung together a pair of impressive performances, winning both games.

First up they beat CULLOMPTON 3-1. They found themselves 1-0 down at half time, but rallied in the second half with smartly taken goals from Leo Gribble, George Gait and Christian Pinnock.

The team kept their shape well and the defence was superbly lead by Daniel Balthushat, who at 1-1 made a perfectly timed tackle to prevent Cullompton taking the lead.

Seaton headed into the Bradninch game bristling with confidence. Max Newell opened the scoring and Harvey Green added a second, striding out of defence to arrow an unstoppable shot onto the net from distance. MoM George Gait added a third with a curled shot into the top corner.

Daniel Byrne was playing his last game for Seaton before moving to London. His team mates and coaches wish him well.

**Axminster Town U8s** travelled to Exeter to face Topsham, due to illness and injuries the hosts could only raise one side which forced us into playing eight minute halves.

Topsham soon built an early 2-0 lead but, some neat interchange through the tigers forward line ended in a well taken goal by Alex Dixon.

Into the second half Topsham continued to find the their range for goal despite the tireless efforts of Finn Jenkins and Christian Dixon and some fine saves from stand out goal keeper Lucas McGahey. The Tops ran out 5-1 winners.

Changes were made ahead of the second game which included the introduction of Owen Clifton as second striker and re shuffle in defence to include Matthew Reed and which soon culminated in the tigers taking an early lead through Toby James.

Further into the match Topsham replied with an equaliser despite the continued good Ax performance in particular Joseph Scott and Oscar Harris in midfield who kept the rampant Topsham at bay.

The tigers conceded a late goal via a deflection and the game finished 2-1 to Topsham.

The Club held their Seniors and Ladies Greensomes match which was a fiercely fought competition resulting in some close scores.

Results; 1st Tony Strong & Margaret Kenchington 33 points, 2nd Rob Heard & Helen Kenworthy 32, 3rd Rob Grove & Jill Wellington 31 and 4th were Gilbert Cox & Janet Dack.

The Ladies section played the first round of the Daily Mail Foursomes match against Lyme Regis with Jill Wellington & Margaret Kenchington representing ACGC and winning the match.

The Seniors' section played their March Medal competition.

D Evans (25 HC) took 1st place with 68 points, 2nd place went to B Cook (24) with 69 and 3rd, on count-back, went to N Garwood (15) with 70. Also with 70 was L Morgan (21).

J Bannister, B Cook, C Walker and M Glass all carded 2s.

**HONITON** with John Pawley

This week it was announced that Junior club members Haydon McCance (under 14), Ben Phillips and Max Neild (both under 16) have been selected to play in the Elite teams for Devon.

Meanwhile, light rain welcomed the Tuesday mens group last week but soon gave way to allow play for the full 18 holes.

Some winter greens were still in play and the damp ground made scoring a challenge.

Nearly 30 players started and it was the trio of Dave Morgan, Alan Morris & Mike Sennitt who topped the board with 74 points. Whilst Brian Morrison and Mike Ward both achieved birdies at the 2nd and 16th respectively, their team score did not achieve the boundary score – and they paid the penalty.

Last Friday over 50 seniors took part in a 3BBB, a congenital format in which players are grouped in teams of three but only the two best Stableford scores at each hole count towards the team score.

The weather conditions were reasonably pleasant, though buggies were still not allowed, and some temporary greens were in play.

The worthy winners with 75 points were the Dave Maggs, Brian Morrison & Mike Delaney. Jim Wallis, Ted Chandler & Bob Cockett were second with 73 with Max Pipe, Tony Proudfoot & Colin Hughes next followed by Alan Pollock, Tony Williams & Derek Harrington.

There were two excellent 2s; Jim Wallis nicely aced the difficult 4th hole and Steve Blundell drove to within four feet of the pin at the longish 10th.

It was suggested that John Fleetwood thought he too had a birdie, only to find his ball resting inside the temporary hole not the one in play.

# Leaders run close only for injuries to finally break Chard resistance

## Chard 18 Camborne 39

*South West Division One*

A CLINICAL second half display saw league leaders Camborne extend their lead at the top of the table, but they knew they had been in a game.

In the opening half, before being hit by a spate of injuries, Chard had looked really good and were certainly well worth the lead they held at the interval.

They opened the scoring with a penalty from the boot of full-back John Humphrey and it was not long before they increased their lead when fly half Chad Northcott intercepted a pass and raced over 70 metres to score out wide.

Humphrey just missed the conversion attempt but Chard now led 8-0.

Camborne were playing well but Chard at this point were matching them in all departments.

The hosts increased their lead with another breakaway - this time it was finished off by prop Luke Aplin. Humphrey converted to give Chard a healthy 15-0 advantage.

Camborne did reduce the deficit with a penalty from Brownfield but this was cancelled out when Humphrey scored again with a similar effort.

From the restart Chard were unable to secure their ball and Camborne scrum half Richie Kevern took advantage to score in the corner. Brownfield added the conversion points to make the score 18-10.

By this time Chard had already lost to injury the services of Northcott who was having his best game so far for Chard and winger Matt Thiley.

Despite having to reorganise Chard had several golden opportunities to score again before half time but, after spurning an easy penalty kick they were awarded a series of penalties within five metres of the Camborne line.

Time did not allow them to go for the lineout but it was a surprise they did not call for a scrum, especially as Camborne had had a player sent to the bin. They opted instead to go for a series of tap penalties which unfortunately came to nothing.

It was crucial that Chard, still leading 18-10, started the second half well but Camborne began to really look like a top of the table team.

In winger Alex Ducker they had a potent threat and he soon scored the first of a hat-trick of second half tries.

Chard by this time had suffered more in-

juries to Ben Stead and full back Humphrey who both had to leave the field and now had to play the remainder of the game with at best 14 players of which three were playing out of position.

Young prop Ben Mainwaring who had come into the squad for the first time could hardly have expected to make his debut on the wing!

Chard then went down to 13 players when flanker Chris Spurdle was sent to the bin.

Camborne took full advantage and ran in further tries from Ducker (2), Whittle and Drew. Brownfield added a couple of conversions to complete the scoring.

The game finished on a bad note for Chard when forward Will Hopkinson needed treatment. An ambulance was called as a precaution on the advice of the Camborne medical team.

Chard were very appreciative of the care and attention the players received from the Camborne medical staff throughout the game, particularly after the match, when the ambulance took a long time to arrive. Thankfully I have been given tounderstand that Will is ok.

Next Saturday Chard entertain local rivals North Petherton (2.15pm ko)

Meanwhile, Chard 2nds lost 10-47 at home to Castle Cary 1st xv in Somerset Division One

Despite the loss it was a memorable day for prop Bryan Sugar who crossed for both Chard tries.

In Somerset Division Three Chard 3rd xv were given the 5pts when Minehead 3rds were unable to raise a team

Next Saturday Chard 2nds are away at Bath-based Old Suliens. The 3rd xv have no game but the top of the table Colts travel to play Wells.

Three wins from their last five matches will secure the Somerset League title.

# Local runners out in force for ever popular Grizzly

**HONITON** with Judy Davy

HONITON Running Club had a great turnout for local Axe Valley Runners' Grizzly and Cub runs last weekend. Chris Entwistle has been training hard and led the Honiton group home coming 110th beating the three hour mark to finish in 2:58.

Tom Bornet also had an exceptional run to finish 188th in 3:09. Sarah Wheeler, Steve Davey and David Hawker had run together for much of the race but Sarah eventually came out on top coming 259th in 3:18 with Steve and David having a sprint to the line coming 278th and 279th in 3:20.

Adam Hennessy is another who has been training hard and he sprinted off at the start until the terrain and distance got the better of him. He finished 316th in 3:24.

Judy Davey was next home coming 343rd in 3:27 having overtaken Richard Harvey within the last 2 miles. Richard came 351st in 3:28.

Richard Harris was also having a great run until about 15 miles but he managed to finish respectfully in 426th place in 3:34.

Julian Gigg finished 451st in 3:35 while Simon Spiller crossed the line in 554th in 3:43.

Paula Ferris was running the Grizzly for the first time and fol-

lowed just two minutes later in 578th place.

Linda Pike was delighted to crack the four-hour mark for the first time coming 685th in 3:56 with Richard Terry finishing in 3:59, in 73rd place.

Sharon Wells came 786th in 4:03 while Nicola Greenland thoroughly enjoyed it to come 881st in 4:11. Wendy Williams completed the line-up with a gutsy run to come 1214th in 4:50. There were 1393 finishers.

Even more Honiton runners took part in the nine-mile Cub run which is still a challenging race with beach running and plenty of hills.

Julie Payne lead Honiton home coming 37th in 1:24. Roger Saunders finished just behind Julie in 1:26.

Dan Strawbridge wanted to tackle the full Grizzly but was sensibly persuaded to tackle the Cub for his first time. He came a very respectable 44th in 1:27.

Hadleigh Davies and Howard Bidmead have both suffered a recent injury. Hadleigh came 48th in 1:28 with Howard 59th in 1:30.

Donna Stone has been unwell and it was touch and go whether she would make the start but she ended up having a fantastic run to come 84th in 1:35.

Sunday was the day for CRR's to show their steel with runners attending races in Seaton, Bath and Tolland Royal Near Shaftesbury.

The first race was the now well renowned Grizzly 20 mile Full and 10 mile Cub off road race with hills, pebble beaches, rivers and the 'Valley of the Bogs' to contend with.

CRR's had 13 runners in the full and five in the Cub. Heading off in the brilliant sunshine for a quick loop of the Seaton seafront beach before heading off towards Beer.

Crossing the line first for CRR's was Roddy McLean, followed just minutes later with a PB was Martin Holly, Richard Clifton Dressed as Donald Trump look-a-like was next followed closely by Stuart McLean.

Gavin Wyatt and Stevie Potter were next with Stevie having taken a full face fall into the bog area - Andy Mear and Addie Douglass had a good race up to the line with Andy just edging it.

A second race PB went to Helen Baxter who is going from strength in her racing while Mel and Colin Boarder headed to the line to finish together. Rounding off CRR's Full Grizzly were Emma Male and Miranda Coleberd.

The Grizzly Cub which takes in many of the Full races hills and tracks was headed for CRR's by New CRR Ollie Faulkner, with just seconds separating him and Simon Douglass.

Right on their heels was Gary Wheaton with Phil Hodson and Claire Pomeroy next in line for the finish straight and a hose down by the local fire brigade.

Next off for CRR's was Vicky Musselwhite who joined 15,000 other runners in the BATH HALF MARATHON.

Vicky showed her class as she moved through the back-markers to settle into a great road race through the Cities streets to record a fantastic time in this congested field of 2hr 33min and 10,315th position.

The last race for CRR's was just east of Shaftesbury at Tolland Royal at the LARMER TREE MARATHON, a multi-terrain race with over 300 runners.

Paul Masters headed off from the rear of the field to avoid congestion around trees that had fallen over the last few days.

This did not present the problems originally warned of and so his pace picked up and he was able to progress through the field to cross the line 36th (303) and pick up a first in age group placing in a time of 3hr 50m 42s.

## Referees wanted for local six a side league

WILLING whistle blowers are wanted in Axminster as a community football league looks to recruit men – and women – in black.

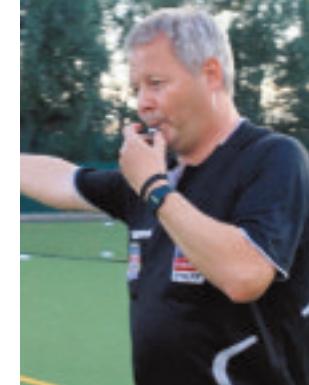

Leisure Leagues – Europe's biggest and most successful providers of 5 and 6-a-side football – are running courses for budding referees.

The league donates all its profits to charities and good causes and has received praise from Gordon Brown, David Cameron, Prince Charles and Boris Johnson for its community efforts.

The firm has been lauded for its treatment of referees, and they can be assured they will be backed by the strongest discipline structure in the country.

The induction evenings will take place at Axminster on Wednesday

over the next few weeks and anyone interested in the free lessons can ring 0333 123 2340, email [referees@leisureleagues.net](mailto:referees@leisureleagues.net) or visit <http://www.leisureleagues.net/Become-A-Referee.aspx>
